

My Family Tree

Every family is different. What does your family look like?
In the space below, create your family tree.

What You'll Need:

Activity sheet for each participant and pencils or pens.

Take it Further:

Like the characters in the story, there are many things you have in common with your family. Create a list of things that your family has in common. Who likes dogs? Who hates broccoli? Who plays an instrument? Make as many lists as you want.
