Super Goggles

Make a pair of super goggles out of pipe cleaners.

Step 1

Bend one pipe cleaner so you make a circle at the end.

Super Power Quiz

What shapes have you made out of the pipe cleaner?

What letters are made from a circle and a straight line?

Draw the letters on a piece of paper.

Step 2

Bend the pipe cleaner so you make a circle at the other end.

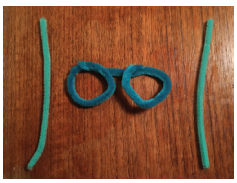
Super Power Quiz

How many pipe cleaner circles do you see?

Write the number on a piece of paper.

Step 3

Cut the other pipe cleaner in half.



Super Power Quiz

How many pieces do you get when you cut the pipe cleaner in half?

Write the number on a piece of paper.

Step 4

Wrap your pieces of pipe cleaner around the circles like in the picture. Bend the ends so they fit over your ears. Try on your super goggles.

Super Power Quiz

A line with a bend in it is called a curve.

Draw some curves on a piece of paper.

More Fun Things To Do

- Go for a nature walk. Find leaves, flowers and feathers to wrap around the frames of your googles. String and hang beads from your super goggles, or put stickers on them. Have fun and be creative.
- Don't have pipe cleaners? Decorate an old pair of children's sunglasses or 3-D glasses from the movies.

What You'll Need:

2 pipe cleaners

Children's safety scissors

Decorations for your goggles (beads, leaves, flowers, stickers, etc.).

Take it Further:

Go online and search for images and samples of eye charts for eye examinations. Look for children's eye charts that show pictures as well as alphabet charts. Together with your child have fun drawing your own eye charts. Bring your eye chart with you to your next appointment to share your fun drawing with your eye doctor!
