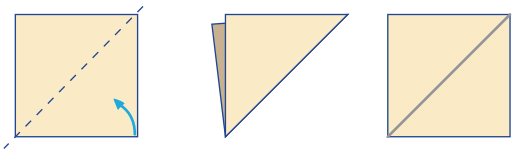
Whale of a Time

A beluga whale is one kind of whale. There are many kinds of whales. Here's how to make a whale by folding paper.

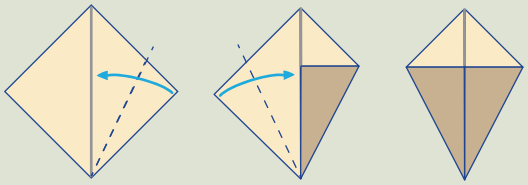
Step 1

Fold a square piece of paper in half to make a triangle. Unfold.



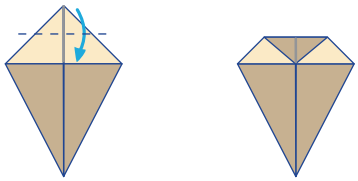
Step 2

Fold the two middle corners to the centre crease.



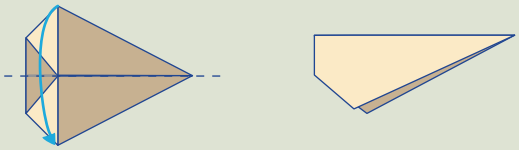
Step 3

Fold the top corner down to touch the two middle corners.



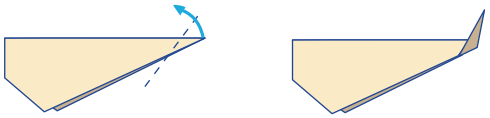
Step 4

Turn the whole shape sideways. Fold the paper in half along the centre crease.



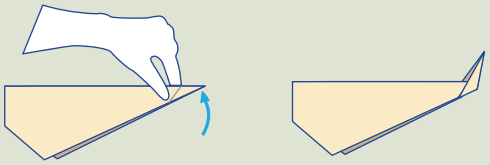
Step 5

Fold the pointy end up to make a tail. Crease. Unfold. Flip the paper over and repeat on the other side.



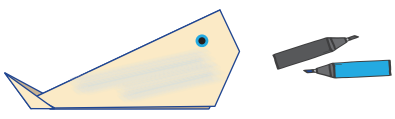
Step 6

Pinch the tail with your thumb and finger where the creases meet. Turn the tail up along the centre fold.



Step 7

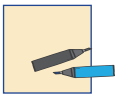
Draw eyes on the whale. Sit the whale up. Good job!



What You'll Need:

A square piece of paper.

Coloured markers or pencils.



Did You Know?

A **crease** is the line you get on a piece of paper after you've folded it.

Tip:

Each time you fold the paper, press hard to make a crease.
